PHONE: _____	PHONE: _____
EMAIL: _____	EMAIL: _____
ADDRESS OF SUBJECT PROPERTY: _____	

At a minimum, the following must be provided with the Application:

1. Plot plan or current survey (less than 10 years old) showing dimensions of property, showing existing and proposed buildings, driveways, walks, patios, pools, shed, etc., including each and every improvement.
2. Existing and proposed impervious lot coverage calculations.
3. Topographical survey showing existing and proposed grades on the U.S. Coastal Geodetic Survey Datum.
4. If the proposed improvements result in a net increase of 150 square feet or more of impervious surface being added to the property, then two original signed and sealed plans and calculations for a subsurface recharge system must be provided from a Licensed N.J. Professional Engineer in order to comply with the requirements of Ordinance 22-101.2.(e.).
5. A percolation test and soil log may be required at the discretion of the Borough Engineer.

If all the information is not submitted with the application it will be returned to the Applicant.

I HEREBY STATE THAT THE ABOVE INFORMATION IS TRUE.
